## ABOUT THE STATE.

## Items of Interest Gleaned From Our Exchanges.

Co. K, 9th Vt. Vols. and Co. B, 16th Vt. Vols., will hold annual reunions in Brattleboro September 28th, the day before the opening of the Valley fair.

A lecture course association has been formed in Stowe. About a dozen names of prominent business men have been pledged to support a course of entertainments.

The Montpelier Military band is arranging for a musical burlesque entitled, "A Country Circus," written by G. H. Wilder of Montpelier and J. J. Enright of Burlington. The piece is a jumble of funny acts and the proceeds are to be for the benefit of the band.

The peach orchard which Charles Miner set out five years ago began to bear this year. He has 1,000 trees. The fruit of the Mountain Rose variety is now ready to can. Mr. Miner set out the trees on a bluff where they are fully exposed, but none have been damaged, while others which were set where it was thought they would be protected in a measure from the cold were damaged seriously.

Judgement has been given the plaintiff in the case of C. A. Hall et al. against the estate of Margaret F. C. Turner to recover \$738.19, the opinion being given by Judge H. R. Starr at Montpelier. The plaintiff, who was a ward of the defendant, was left a legacy by the mother of the defendant. It was said that she invested the money so left her in stock of the bank of LaCygne, Kansas. At the time the ward was 21 \$400 worth of stock was given him. The defendant was the possessor of 76 shares of the stock in 1892, the capital stock at the time being \$50,000. Later the capital was reduced to \$20,000 and the plaintiff paid up an assessment of 20 shares. Still later the stock was rendered valueless by the bank going into the hands of a receiver. The plaintiff brought suit, claiming that he had not been warned of any action of the trust money and so won his suit on those terms.

## Bellows Falls Is Sorry.

The extremely unwise and unfortunate action of the voters of Bellows Falls recently in relation to the acceptance of the \$15,000 from Andrew Carnegie for a library is emphasized strongly by the fact that it is now found that a well-known citizen some months previous had made his will bequeathing \$5,000 for the use of the library. When the action of the town in summarily disposing of the proposition of Mr. Carnegie was made known, he changed his will, cutting off the bequest. Had the town accepted the request of President A. N. Swain, the board of library trustees and others who urged the action, and appointed a committee to see what could be done towards raising the money for a library site, without doubt sufficient funds could have been raised within a short time for the purpose.

## Beans Inoculated With Nitrogen.

White beans that have been inoculated with a sample of nitrogen sent by the government have been successfully grown by J. L. Derway at his farm on North avenue, Burlington. The ordinary beans stand about a foot high and have no fibrous root. The inoculated beans stand about four feet high and the roots are fibrous and have nodules.

The sample of nitrogen sent to Mr. Derway was dissolved in two gallons of water and this inoculated thirteen bushels of seed, which were planted in eleven acres of ground. Mr. Derway has a total of twenty-six acres of beans. No fertilizer is used with the inoculated beans, but Mr. Derway found that seed which was allowed to stand three weeks before being planted grew better than that planted immediately after inoculation.

## Report of House of Correction.

The end of August found a total of 202 prisoners in the house of correction, Rutland, 186 house prisoners and 16 jail. The number of house prisoners included 29 women. There were committed to the institution during the month 65 prisoners, for a variety of offenses, including 11 persons from Rutland county. Of the total, nine were women. Jail commitments numbered 129.

The 65 commitments, classified by the nature of their offenses, are: Intoxication, second offense, 17; third, 21; breach of the peace, 17; tramping, 11; lewdness, 5; larceny, 3; furnishing intoxicating liquor, 2; adultery, 2; selling stolen money, and burglary in day time, one each.

In regard to ages, the prisoners were divided as follows: Under 20, 8; in 20's, 14; in 30's, 21; in 40's, 13; in 50's, 8; in 60's, 1.

## Golden Wedding at Halifax.

The golden wedding of Mr. and Mrs. George W. Morton was observed at their home in Harrison corners, Halifax, August 25, by a large gathering of family friends. Mr. Morton was born at Cummington, Mass., in 1823, the son of Phineas Morton. He learned of his father the trade of blacksmithing and tool-dressing. At the latter occupation he worked in Russell cutlery in Greenfield, Mass., Col's armory in Hartford, Conn., and other factories. He was a blacksmith and wagonmaker at South Ashfield, Mass., when his shop was washed away by the breaking of the dam at Ashfield, moving back and forth, and finally

## THE PEOPLE ALL

## In Chorus Cried, Give Us Newbro's Herpicide.

This word of late has been in everyone's mouth, and many are wondering what the word signifies, though no one has yet been found, who will deny that NEWBRO'S HERPICIDE does the work. Well, for the information of thousands of people who like to know all about a good thing, we would say that HERPICIDE means a destroyer or killer of "Herpes." Now "Herpes" is the family name of a disease caused by various vegetable parasites. A similar microbe causes dandruff, itching scalp, and falling hair; this is the microbe that NEWBRO'S HERPICIDE promptly destroys; after which the hair grows. Sold by leading druggists. Send 10c. in stamps for sample to The Herpicide Co., Detroit, Mich.

settled on the farm at Harris corners. Mrs. Morton was Emily Hitchcock, daughter of Lemman Hitchcock, of Hawley, Mass., and was born in 1832. Mr. and Mrs. Morton are in the best of health and look much younger than their real ages. Their children are Henry, of Conway, Mass., George W. Jr., of Halifax, Lizzie S., wife of conductor W. C. White, of Fitchburg, Mass., and Lovina, wife of J. E. Bruce, of Hartford, Conn.

## Hardwick's Labor Day.

Labor had its day in Hardwick and its inning was crowned with glory. All labor in the village observed the day, and nearly all business places were closed during certain hours, says the Hardwick Gazette.

Daylight came to us with heavens hanging low with rain clouds, southerly winds and muggy streets. Not a day favorable to carrying out exercises such as composed the celebration planned by Hardwick Branch, C. C. N. U. But with pluck which deserves praise, the loyalty of the members of that order and the Lammers' and Polisher's union the committee went forward, its efforts ended in a success which could only have been bettered by fine weather and larger attendance.

## Raising Derailed Engine.

The locomotive which went down the embankment on Sand Hill, north of Williamsville, on the West River railroad last week Monday was hoisted Thursday by E. D. Nash of New London, superintendent of the southern division of the Central Vermont railroad, and a gang of men. This was the engine in charge of Engineer A. W. Stutuck of Brattleboro, who was scalded to death. The tender was replaced on the track by a steam derrick which was brought from St. Albans, and the box car which went down with the locomotive was knocked in pieces and burned. The mogul, weighing 43 tons, was too heavy for the steam derrick, so it was decided to sink a post, or "dead man," in the ground some distance from the wreck to support tackle blocks and to draw the mogul up the bank by means of another locomotive. The intention was to do the work Sunday, when trains would not be running, but on account of the rain the men were not able to undertake the job either Sunday or Monday. The mogul was righted Tuesday and was drawn up a short distance, when the rope broke, and without doing any harm. Then it was decided to put in another "dead man" and use two locomotives. The final arrangements were made Wednesday and were carried into effect Thursday. The mogul will be repaired in the Central Vermont car shops in St. Albans. It is not damaged seriously. Mr. Nash is reputed to be one of the best men in New England for clearing wrecks.
